SKIN RESURFACING

Let us smooth your skin and erase imperfections. Our clinically trained estheticians will conduct a skin analysis and provide the treatment of your choice – from chemical peels formulated to repair damage to microdermabrasion that helps stop the clock.

Pure Diamond Microdermabrasion with LED

This treatment combines two of the most advanced skin repairing methods: diamond microdermabrasion and LED light therapy. The multi-function system removes the outermost layers of dead skin, forcing new skin cells to turn over at an accelerated rate. The capillary walls are strengthened and collagen begins to restructure. A special mask is applied to help calm, hydrate and firm the skin. The session is completed with a cocktail of medical strength products for a healthier, more youthful glow.

50 minute \$125

Anti-Aging Glycolic Acid Peel

This universal peel is suited for most skin types. The outer layers of thickened and keratinized skin cells are removed, leaving skin fresh, smooth and healthier. 45 minute \$125

Skin Brightening AHA / Kojic Acid Peel

A multitude of lightening agents, including kojic, bearberry and licorice extracts, are used to treat hyperpigmented skin types, providing a more even, consistent skin tone. 45 minute \$125

Acne-lift Salicylic Acid Peel

This superficial peeling agent is highly effective in reducing the production of oil. It penetrates sebum filled follicles and decongests clogged pores, resulting in marked improvement in acne prone skin. 45 minute \$125

The Jessner Peel

From medium to deep strength, the intensity of this peel can be customized by our clinically trained esthetician. It is highly effective and perfect for those in need of more attention. 45 minute \$150

The Signature Pure Fusion Peel

This multi-acid, multi-enzyme peeling solution is suitable for all skin types and issues. The combination of Glycolic, TCA, Salicylic, Resorcinol, Lactic, Papaya, Pumpkin, Pineapple and Vitamin C clears acne conditions; reduces age spots, melasma and discoloration; improves skin texture and tone; and softens crow's feet, fine lines and wrinkles. 45 minute \$150

NOTE: For best results, we recommend a series of treatments over a course of several weeks or months.

The Signature Pure Fusion Peel is not suited for first-time skin resurfacing clients. Please ask to consult with our clinically trained esthetician before scheduling any skin resurfacing treatment.
